OBJECTIVE

To secure a Networking, IT, Web Developer / Design position.

INTERNET TECHNOLOGY SKILLS

- Installation and configuration of Windows based servers including SQL server, ISA server and IIS.
- Extensive WEB knowledge of HTML, XHTML, DHTML, ActionScript, CSS, ASP, JavaScript, AJAX, XML.
- Complete grasp of Computer languages:
 - Visual Basic from original release to the current .NET frameworks including C+ coding.
 - ActionScript AS2, AS3 currently using Flash 10 CS4 Professional.
 - Server-side Classic ASP, ASP.NET, VB.NET, C#.NET client side JavaScript, VB Script.
 - Query structures on MS SQL Server or Access
 - Third party Visual Rapid Database Web Application Development Tools such as Code Charge.
- Design, Construction, Integration, testing, debugging, installation and maintenance of PC based networks and software, full knowledge all Windows Server configurations for Intranet and Internet.
- Flash and ActionScript since 1996.

GRAPHIC DESIGN SKILLS

Print media, POP, billboard, storyboard, animation, editing, writing. Over 2000 full-page ads inserted in all National newspapers and major retail magazines (Gray Canada Advertising, PPG Publications).

- **InDesign** from first Release. Switch to InDesign from PageMaker in 1999.
- **PageMaker** from first releases. Switched from Ventura to PageMaker in 1994.
- Have used FrameMaker, QuarkXPress, Ventura and Publisher. Preference is InDesign.

Image and Illustration Software:

- **CorelDraw** and **Corel Paint** from original GEM version in 1998 to present.
- **Photoshop** (all CS versions), **Illustrator**, **Fireworks**, etc.
Preference is Corel software. I have own software if required.

Related software and acknowledgments:

- FrontPage / Expressions or any HTML editor, PDF, MS Office Suite and a host of others.
- Author of "**Graphics Programming with Visual Basic**" for SAMS Publishing USA in 1995. The book described how graphics software is coded such as Bezier curves.

WORK HISTORY

- 2009** **Blue Mountain Chalets, Mountain Springs Resort and Kellerman's Resort**
Designed <http://bluemountainchalets.com>
Designed <http://mountainSpringslodge.com>
Designed <http://kellermansresort.com>
Clone: <http://hotelparrysound.com>
Clone: <http://hotelbluemountain.com>
along with advertising brochures, ads, all I.T. work and databases.
- 2005-1998** **Del Laboratories, Barrie:** IT System Analysts. Custom database product code & graphic design installation of 5 websites with full configuration and custom coded automation management (PDM) software directly tied into inventory database servers and sales blackberries for real-time product updates across all departments and live web pages.
- Server-side: ASP MS SQL Databases. Client-side: DHTML, CSS, JavaScript, ASP, AJAX, XML, ActionScript. Sites were hand-coded or used CodeCharge Studio database procedures with custom coding. In addition to this I created several custom programs for Inventory, using ASP and Crystal Reports tied into web pages on the intranet.
- Maintained and/or have installed: **Del Labs** in-house system - 8 servers: 2 SQL servers, 2 ISA firewall servers, 1 IIS6 windows 2003. 5 corporate websites, 1 intranet with 100+ workstation, 1 DNS/Active Server, 1 Wireless Radio Beacon inventory server.
- 1995-2005** **Freelance, Barrie:** samples: <http://rstewart.info>
- 1977-1984** **PPG Publications, Toronto:** InDesign, Corel Paint to produce Performance Racing News and MXP, Performance Auto and Sound. PC / Mac Studio using InDesign for publishing. Full colour glossy, 150 page average every other week. 50% mix of in-house ad design.
- 1990-1997** **PRN and Jam Music Magazine, Toronto:** Designer and editor: Original newsprint magazines before going glossy. Cut & paste, Agfa cameras, typesetter. PC workstations.
- 1984-1990** **Grey Advertising Canada Ltd. Spadina Studios, Toronto.** Retail advertising: Same technology as above. Average 8 full pages for Toronto, Star, SUN and major Canadian markets daily. Clients included Majestic Sound, Sporting Life and Honda.
- 1980-1983** **City of Calgary:** Graphic Artist Public Information department.

EDUCATION

- 1978-1980** Computer and Commercial Arts - George Brown (St. James) College, Toronto.
